Hello Kelly

Here are the charts for each individual musician. Each song is numbered in the order of the show flow also as compressed files so you can email each one their parts.

Show list, rider, tracks for tempos, sample tracks attached

As soon as Chris Andrews gets his chart I'll go over the show and music with him. The charts call for tenor sax. One of the charts asks for a clarinet and another flute. Check to see if your tenor man can bring both. If not, we'll work it out.

Review the stage rider. If there is anything you need to add or change to the rider let me know before I officially send it to Cris for the casino.

All the best!

Gary Anthony
